**March 26, 2007**

**FOR IMMEDIATE RELEASE**

**TAPROOT SYSTEM'S, BLANE ROCKAFELLOW, TO SPEAK AT THE SMARTPHONE SUMMIT DURING CTIA WIRELESS 2007**

**RESEARCH TRIANGLE PARK, NC** – March 26, 2007 – TapRoot Systems Inc., a leading provider of embedded software solutions and reference platforms for Smartphones today announced that Co-Founder, EVP of Business Development and a member of the Board of Directors for TapRoot Systems, Inc., Blane Rockafellow will speak at the Smartphone Summit's "Smartphone Enterprise Solutions 2007 Orlando" with CTIA Wireless 2007 in Orlando, Florida on March 26, 2007.

Mr. Rockafellow will speak on "Smartphone WiFi and VoIP - One Device, Many Connections" taking place Monday, March 26, 2007 from 5:00-5:50 PM in Room 309 at the Orlando Convention Center. Blane has over 20 years experience as a developer of embedded software. His direct experience with mobile phone development and the ecosystems that surround mobile phones is over six years. Blane leads the company's technology strategies and business development efforts through securing strategic partnerships.

TapRoot will be presenting WLAN Security, WLAN Advanced Roaming and WLAN Certification and Testing Services with Symbian at their booth located at 4464 on the CTIA Wireless 2007 show floor. TapRoot will also be hosting a series of private meetings where they will present BSP and RIL software on the latest silicon platforms. If interested in setting up a meeting contact [sales@taprootsystems.com](mailto:sales@taprootsystems.com).

"CTIA and the Smartphone Summit have a tradition of presenting the world's top leaders and innovators in the wireless industry" said Hugh Thomas, CEO at TapRoot Systems. "This is an exciting time for TapRoot and we're proud to have one of our core team members participate in that tradition."
